Mr Patrick Allen

Principal's Message

Dear Parents,

In my role of Principal at Cathedral School, I value being responsible for the religious and educational leadership of the school as well as its overall direction in order to provide for the effective care and education of the students. I have valued working in collaboration with all members of the Cathedral School community this year. Our practice is one of reflecting on current achievements and collaboratively discerning a way to meet current needs and planning further developments.

As a community we believe that the foundation of our ministry is the Gospel values lived and taught by Jesus Christ. In our ministry we will continue to promote quality teaching and learning in a Catholic environment, which fosters the participation and collaboration of all members. A very valued part of this process is the working in partnership with parents in the education of their children.

Please make the most of this report that, I hope, will better inform you about the strengths of our school as well as the directions we are planning to take.

Patrick Allen

Principal

Parish Priest's Message

It is with pleasure that I submit a message to the 2014 Cathedral School Annual School Report. Cathedral School has created a vibrant environment of Catholic living and learning. The Staff make every endeavour to create a supportive educational facility in the Cathedral Parish of St Michael and St John. The extensive curriculum and co-curricular activities, as well as the quest to continually maintain and improve school resources and amenities are a credit to the school. The students are open, friendly and happy and take much pride in their collective achievements. To the school executive team, staff, parents and students, my congratulations.

Rev. Fr Patrick O'Regan, Dean of the Cathedral of St Michael and St John

Parent Body Message

The P & F is a very important part of our school. We gather the first Wednesday of every month and we manage to organise some wonderful fund-raising activities that raise funds to benefit our children. The year was again a financial and social success. Thank you to everyone for another very successful school fete! This event along with many other activities, made a great contribution to the life of the school. Not only do these events help raise money for our children they also provide positive social interaction within our school community. This year the P&F made a significant contribution towards many school projects including air-conditioning and storage facilities. We have plans to complete school air-conditioning by the end of 2015. The Principal and his leadership team continued to provide the children with a wide range of opportunities both within and outside of the classroom. I would like to acknowledge our wonderful teaching staff for all the work they do for our children and for the care and guidance they give our children. The strong partnership the staff has with the school community and their support of the P&F is very much appreciated.

Mr Kevin Porter (P&F President)

Student Body Message

Year 6 have had an outstanding experience here at Cathedral primary school. Our primary school years have seemed to pass in an array of activities, many different classes, extracurricular activities, social events and milestones. The grandest part has been the people around us with whom we have shared this time with that makes it exceptional. The class of 2014 has accomplished many things together. Cathedral school has a great reputation. We are very proud of our students for contributing to our school life and getting involved. We have been encouraged to follow the words on our new school crest and to learn and live by our faith, to reflect Gospel values and to strive for excellence – to be the best person that we can be.

SECTION TWO: SCHOOL FEATURES

Cathedral Primary School is a Catholic systemic Co-Educational School located in Bathurst.

Catholic Heritage

Cathedral Catholic Primary School opened in 1842 by the Sisters of Mercy. The school has a strong tradition of parent support and involvement. This assistance over the years has enabled the school to offer a quality education, academically, materially and spiritually.

The school has 17 class teachers, a learning support teacher, two music teachers, a librarian and five teacher assistants. Thanks largely to the support of the parents over many years, the school is very well equipped in terms of teaching aids and resources.

The school has an excellent reputation in the wider community. Cathedral School offers students a rich, relevant and varied curriculum, a dedicated staff, a nurturing environment and an authentic Catholic community.

The Parish Community

The Cathedral School is an important part of the parish faith community. The Church continues to urge that Catholic schools are maintained and developed. They are of fundamental value and importance in assisting and complementing parents in the exercise of their educational rights and responsibilities. In education of the faith, the school remains a partner, joining with the home and the parish in the growth and development of religious education. We maintain a close relationship with the Parish.

Music

Two specialist music teachers are employed for a total of two days a week. In addition there were opportunities for children to participate in a junior and senior choir, percussion and the school Training, Transition, Performance and Stage Bands.

In these groups children enthusiastically demonstrate their talent at concerts for the rest of the school and for their families, concerts as part of a Band Touring programme to other regional schools, as well as successful involvement Bathurst and Cowra Eisteddfods.

Sport

The school's Physical Education program caters for a diverse range of interests and abilities. It provides opportunities for skill development and exposure to a variety of sports and competitions. While parents are legally responsible for the regular attendance of their children, School staff, as part of their duty of care, monitor part or whole day absences.

School staff, under the Principal's leadership, support the regular attendance of students by:

- providing a caring teaching and learning environment which fosters students' sense of wellbeing and belonging to the School community;
- maintaining accurate records of student attendance;
- recognising and rewarding excellent and improved student attendance;
- implementing programs and practices to address attendance issues when they arise.

The Principal is responsible for supporting the regular attendance of students by ensuring that:

- parents and students are regularly informed of attendance requirements and the consequences of unsatisfactory attendance;
- all cases of unsatisfactory attendance and part or full day absences from school are investigated promptly and that appropriate intervention strategies are implemented;
- documented plans are developed to address the needs of students whose attendance is identified as being of concern;

SECTION FIVE: CATHOLIC LIFE AND RELIGIOUS EDUCATION

Catholic Schools have a unique role in the evangelising and educating mission of the Church. As a key ministry of parishes and the diocese, Catholic schools encourage and support parents in their responsibility for the faith formation of their children. This formation is supported by prayer and opportunities to participate in the life, mission and liturgy of the broader Catholic community.

The School follows the Diocesan Religious Education Curriculum and uses the student textbooks *To Know, Worship and Love*, as authorised by the Bishop of Bathurst.

Celebration of prayer and liturgy is integral to daily life at the school.

Prayer commences our whole school gatherings. Staff organise staff prayer on a rotational basis.

Parents are made aware of various aspects of Catholic Life and Mission through the weekly newsletter. Parents are always welcomed at Masses, Liturgies and classroom prayer celebrations.

The Parish Priest and School Chaplain worked with staff in the preparation of Liturgies and Masses.

The school year commenced with a Mass that was followed by the presentation of badges to the school leaders.

- School Liturgies – The students participate in Liturgies prior to the Sacraments of Penance, Eucharist and Confirmation.
- During Lent and Advent the School community gather together to pray and reflect on the significance of these seasons within the Church. Other important celebrations were Ash Wednesday, the Feast of St Patrick, the Feast of St Joseph, Mission Week and Remembrance Day.
- On the Feast of Our Lady of Mercy we celebrated with the Sisters of Mercy and acknowledged the Mercy tradition of our school. Relevant days have been nominated during the year to learn about and celebrate the lives and charisms of the people who have lent their names to our student Houses – MacKillop, McAuley, Delany and Quinn.
- Class Liturgies – Each grade prepared and celebrated ‘Liturgies of the Word’ during Terms One, Two, Three and Four according to class RE themes and the Liturgical calendar of the Church.

Assemblies – The school assembles each Monday morning in the School Hall to begin the new week. At each of these assemblies a Liturgy is celebrated based on the Church Year.

Staff and Student Formation

Commissioning Mass – Staff from Cathedral School gathers to ask God’s blessing on the new year school year. Reflection Days are held for students receiving the Sacraments of Penance, Holy Communion and Confirmation. The day of reflection allows for the various threads of the different themes studied during the preparation time, to be drawn together prior to the reception of the Sacrament.

Year Five were also involved in a Leadership Day which was the culmination of the Term Four focus on Leadership. This focus was to assist these students in assuming leadership roles in 2015.

Social Justice

As a Catholic school we are committed to developing our children to contribute positively to the wider community. In all aspects of school life we seek to present to children the Catholic world view.

Within the school, the local community and the wider world community, the students are made aware of the need for compassion and justice. This is an essential part of our faith development.

The children were given opportunities to respond to social justice issues in the wider local community and the world community.

Students in Years 6 and 8 in Catholic schools in the Diocese of Bathurst undertake the Diocesan Religious Education (RE) Test annually. The test consists of fifty multiple-choice questions. Results of the test are analysed by teachers and are used to inform teaching and learning in Religious Education.

| Our School's average result (as a mark out of 50) | |
|---|-------|
| Year 6 | 36.49 |

Further information about the Archdiocesan Religious Education Curriculum and the RE Tests may be accessed at the [Religious Education and Evangelisation](#) site on the Catholic Education Office Sydney website.

Assessment

The school's assessment policy ensures that consistent, meaningful assessment structures are in place to allow each student to demonstrate his/her strengths and achievements in all areas of the school curriculum. This information on student achievement sets the direction for ongoing teaching and learning.

The reporting procedures include written reports (mid-year and end-of-year) and parent/teacher interviews. Additional parent meetings are accommodated on request.

The school community's main priority is to ensure that a quality teaching, Catholic environment exists to meet the needs of each child. We aim to provide the best education for our students.

Student achievement in literacy skills is tracked across the school through the DIBELS assessment programme (Dynamic Indicators of Basic Early Literacy Skills). School and class literacy programmes are tailored according to this tracking.

SECTION SEVEN: STUDENT PERFORMANCE IN STATE-WIDE TESTS AND EXAMINATIONS

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9. NAPLAN assessment results provide valuable information about student achievements in literacy and numeracy. An analysis of these results assists School planning and is used to support teaching and learning programs.

The tables below show the percentages of students who achieved particular skill bands in numeracy and the aspects of literacy. The School results shown are compared to students nationally. Literacy is reported in four content strands (aspects): Reading, Writing, Spelling, Grammar and Punctuation. Numeracy is reported as a single content strand.

Student Welfare Policy

On enrolment parents enter into a highly valued partnership with the school staff.

This partnership is based on shared responsibility and mutual respect. The partnership should aim at achieving effective learning and good discipline so that the school environment is both productive and harmonious.

This partnership should lead to the understanding that the student needs to develop a responsibility for his or her own behaviour.

Parents and teachers want the very best for all children, to be successful and happy and to feel secure in all aspects of their lives.

During their school years, the home and school occupy the greatest part of their time and carry the greatest influence on their development into adulthood. Obviously, the more harmony there is between home and school, the greater will be the chances of achievement and improved self esteem.

The best possible outcomes from all children's education are very much enhanced by a strong partnership between parents, teachers and students.

Positive reinforcement has continued to be incorporated into a series of classroom and school reward systems. Whole school assembly awards are given for acknowledging positive behaviour.

The full text of the School's Pastoral Care Policy may be accessed on the School's website or at the administration office.

Discipline Policy

Corporal punishment is expressly prohibited in this School. The School does not sanction administration of corporal punishment by School persons and non-School persons, including parents, to enforce discipline in the School.

Discipline Policy

A number of principles and beliefs guide the effective management of student behaviour.

School communities must equip students to make the best possible choices.

2. Consequences for behaviour are non-violent. Non-violent consequences are responses that do not involve any form of physical punishment, emotional hurt or verbal harassment.

3. All individuals are valued and treated with respect.

4. Individuals should accept responsibility for their own behaviour. Cathedral School recognises that the acceptance of responsibility for behaviour is developmental and is dependent on students having opportunities to discuss and practise appropriate behaviour.

5. All behaviour has consequences that affect future opportunities. Responsible behaviour increases the student's range of future opportunities.

6. A partnership is necessary between staff, students and their families if a safe, caring, orderly and productive school community is to be created and if responsible student behaviour is to be developed. A whole school community approach to the management of student behaviour will provide a consistent environment in which students can learn to take responsibility for their own behaviour.

The full text of the School's Student Discipline Policy may be accessed on the School's website or at the administration office.

Anti-Bullying Policy

The Diocese of Bathurst has established a *Discrimination, Harassment and Bullying Policy* which is used to guide the school's Anti-Bullying Policy. It provides a framework for school communities to work together to prevent and address issues of student bullying, in order to build respectful relationships that respond effectively and sensitively to the needs of each person. The Catholic Education Office (CEO) monitors the implementation of this policy as part of school compliance requirements. No changes were made to the policy this year.

The full text of the *Anti-Bullying Policy* may be accessed at the administration office.

Complaints and Grievances Resolution Policy

The Diocese of Bathurst has established *Guidelines for the Management of Complaints* which is implemented by our school through the Complaints Policy. The rationale for the policy is that within the reality of the schooling experience, it is recognised that, from time to time, misunderstandings and differences of opinion will occur, and that these need to be resolved satisfactorily. Addressing such matters within a framework of dignity, respect and truth can provide powerful opportunities to model the love of Christ in the reality of our contemporary world. The Catholic Education Office (CEO) monitors the implementation of this policy. No changes were made to the policy this year.

The full text of the *Complaints Policy* may be accessed on the School's website, or the administration office.

Initiatives Promoting Respect and Responsibility

Throughout 2014 class teachers endeavoured to work with the students in their classes to develop respect for each other, their school and the wider community. There has been a particular focus on bullying where every class teacher presented specific lessons on bullying. The whole school participated

in an anti-bullying programme. The Restorative Justice approach to discipline assists in the students focusing on their individual actions and their effects on others. Children are encouraged to accept responsibility for their actions and to remedy inappropriate situations that they have created. Year Six leaders and other students are invited to participate in the Bathurst ANZAC Day march.

A School Code of Conduct has already been introduced to students with a particular focus on respect. Elements of this Policy are referred to regularly.

SECTION NINE: QUALITY CATHOLIC EDUCATION

The School implements the Catholic Education Office Bathurst Quality Catholic Education Framework which outlines the processes and benchmarks for creating the culture and practice of continuous improvement with students as the focus.

Each year, the School develops an Annual Improvement Plan indicating the intended key improvements for student learning outcomes. The plan is drawn from the School's Strategic Improvement Plan.
